

LINE-X

LINE-X fits like a second skin,
unlike drop-in liners.

PROTECTION BEGINS HERE

When sneaking into the woods, proper gear and equipment is mandatory...and that even applies to your truck. As one of the most important investments an outdoorsman can make for his truck, a spray-on bedliner protects your vehicle, your gear *and makes for a quieter ride in and out of the woods.* It's stealth and protection that drop-in bedliners can't provide.

As the industry's toughest spray-on bedliner, **LINE-X** delivers unmatched protection against the most extreme weekend adventure. ATV's, ramps, treestands, duck boats, or ladder stands—no matter what you toss in, a

LINE-X bedliner takes the abuse without giving up or giving in. It's a dependability you can count on when the weather goes from bad to worse. And best of all, every **LINE-X** comes with a Nationwide Lifetime Warranty, valid at any of the 500+ **LINE-X** retail locations. Now's THAT's protection.

Why go with **LINE-X**? Because their exclusive formula and application creates a permanent bond to the truck's bed to seal out rust and corrosion. A **LINE-X** Spray-On Bedliner contours to your truck's bed to provide a water-tight, factory-looking finish. And it's really tough. As a matter of fact, their special

formula is used to coat the personal armor and Humvee doors of the U.S. Marines and can be found on submarines, ships and even helicopters. If it's tough enough to protect against bullets, imagine what it'll do for your truck.

As serious outdoorsmen, you would not go out under protected. Doesn't your truck's bed deserve the same attention?

LINE-X Spray-On Truck Bedliners.
Serious Protection. Guaranteed.

Tough enough to protect submarines, Humvees and U.S. Marines.

(So yeah, your cooler and quad will be fine.)

No matter what you throw into the back of your truck, we've got you covered. With serious protection for your bed and your gear. In fact, the stuff we spray on your truck is the same stuff the military sprays on Humvees and body armor. We doubt you'll ever need that much protection, but it's good to know it's there if you need it.

So tough, it's backed by our exclusive nationwide lifetime warranty.
